GEAR GUIDE

PERFORMANCE PARTS - ACCESSORIES - REPLACEMENT PARTS

OWN A JEEP?

The toughest four letter word on wheels. Are you looking for a parts source rugged enough to match your off the beaten path sense of adventure? With more than 15,000 unique part numbers from brands like Omix-ADA®, Rugged Ridge®, Alloy USA®, Outland Automotive®, ORV™ Suspension and Precision Gear®, consider this your trail guide to the 4x4 of your dreams. A go anywhere, anytime, in any weather vehicle. Go ahead and smile, because it's going to take a lot of courage not to be cocky when you own a Jeep® like that.

WHO WE ARE

Omix-ADA, Inc.® is more than just a parts manufacturer, we're a community of enthusiasts dedicated to producing the finest in off road solutions. Our products have been propelling four-wheel drive vehicles down highways, back roads and over the world's roughest terrain for over a decade. Omix-ADA's® team of engineers have developed, tested and trail ridden thousands of new products until they were perfected for you.

AWARD WINNING DESIGNS

More than 2,500 new products are displayed at the SEMA Show every year. Groups of journalists and industry experts are charged with the task of judging the most innovative new products introduced into the automotive industry. Omix-ADA® emerged as one of the most decorated companies in the off road sector, and has won numerous awards over the years. The legacy still continues.

LICENSED PARTS

Why have we put so much time and energy into developing the most expansive collection of Jeep® parts available under one roof? Because the items bearing our logo are more than just parts, they are built with a legacy and heritage in mind. This is why we have been authorized to use the "MOPAR Authentic Restoration" and "MOPAR Official Licensed Product" logos for the more than 30 licensed parts we produce. We take pride in being one of the few manufacturers strong enough to stand behind the legendary Jeep® name.

THE OMIX-ADA® BRANDS

OMIX-ADA, Inc.

Omix-ADA, Inc.®
omix-ada.com

The parent company brand that offers thousands of parts and components for all Jeep® vehicles built from 1941 to current!

COASTAL CRUISER

The Coastal Cruiser package by Rugged Ridge® is ideal for that beach and water lover. The package will fit your lifestyle to make everyday an adventure. The items selected that complete the Coastal Cruiser package are not just stylish but also functional. So when the weekend comes take the top down and turn the tunes up, load the cooler and take in that warm summer breeze and smell the fresh coastal air. You now can make every ride feel like you're on vacation if you're at the creek or on the beach.

ROCK RUGGED

Rugged Ridge® knows rugged and we know how to rock your Jeep®. The Rock Rugged package by Rugged Ridge® has all the tools that can take your rig where no one else can. The stylish look and the functionality from the interior to the winch will allow you to make your Jeep® look good and dominate the trails. So if you want a ride that will take you off-road beyond the muddy trails. Make sure your rig is equipped with the Rock Rugged package by Rugged Ridge®, for the serious off-road enthusiast.

TRAIL DUSTER

Now a complete package that can make your everyday driver look good and have the attitude to take you where you want to go. The Trail Duster package by Rugged Ridge® allows you to have the best of both worlds. Now you have the flexibility and the look to do what you want when you want. The Trail Duster will get you to work or through the toughest trails. Don't be left behind, take pride in your ride with the Trail Duster package by Rugged Ridge®.

LOW LANDER

When the urban dweller needs to put a little bling on their ride. The Low Lander package by Rugged Ridge® gives you the look from the exterior chrome to the interior trim. The low Lander package will give you the style and individuality you're looking for. The Low Lander package will make your rig look like it belongs in a show but has the functionality to fit your personal lifestyle.

WILDERNESS WILD

Pack the cooler and the tent, throw the bike on the back because the weekend is here. The Wilderness Wild package by Rugged Ridge® is built for the weekends. Now when Friday comes your rig can take you places that your boss can't go. From the highway to the byways from 65mph to 10mph your rig will take you where you want to go so you can kick back and enjoy some well deserved R&R with your friends when you put your Jeep® in low gear with the Wilderness Wild package by Rugged Ridge®.

The Coastal Cruiser package by Rugged Ridge® is ideal for that beach and water lover. The package will fit your lifestyle to make everyday an adventure. The items selected that complete the Coastal Cruiser package are not just stylish but also functional.

XHD MODULAR BUMPER SYSTEM

THE MOST ADVANCED, TOUGHEST, MOST FLEXIBLE BUMPER SYSTEM EVER CREATED!

It's over 100 bumpers in one! You won't find a more versatile bumper system. Go from hardcore to street savvy with just a few hand tools.

NEW!

Winch Mount Base - 11540.10
Hoop Over-Rider - 11540.14
Stubby Ends - 11561.12

Wrangler 07-12

No other bumper can give your Jeep® this many looks. Modular design provides dozens of different looks and styles. You can build the exact bumper of your choice! Custom designed for the 2007-2012 Jeep® Wranglers, each component maximizes the oversized look of the vehicle. All components are constructed of heavy-duty textured black powder coated steel with a tough E-Coat under-coating or polished, no rust, prime 304 stainless steel for the ultimate look! These tough finishes will provide years of heavy-duty use. Matching rear bumpers are available for a complete look.

NEW!

XHD ALUMINUM BUMPER SYSTEM

Designed to be a whole new look while being extremely light weight. Save on fuel and the need for front suspension spacers. The Bumper is all Aluminum but uses the current steel XHD D-rings. Each bumper comes with a built in top filler plate. Each new XHD has cutouts and mounting points for the factory fog lights and a great looking "Jeep® Style" front slat look that will make this bumper stand out. If you want to run a winch, simply remove the filler plate and attach the optional JK Winch mounting plate [Steel Plate]. The XHD Aluminum bumper is approximately 80lbs+ lighter than the average steel off road bumper. Government studies show a fuel economy benefit of 2% for every 100lbs of weight savings.**

Available Components:

- Aluminum Center Section with Steel D-Rings
- Stubby Bumper Ends - Aluminum
- JK Winch Plate - Special design for this bumper
- Special Aluminum Over-rider with front slope

**<http://www.fueleconomy.gov/feg/driveHabits.shtml>

Just How Light is the Aluminum XHD Bumper?

Front Bumper	Weight
Aluminum XHD - Standard Configuration*	26.9lbs
OE Bumper	35.7lbs
Brand X Off Road Bumper	110lbs & Up

*Standard Configuration: Bumper Base, Filler Plate & D-Rings. The optional Hoop Over-rider, Stubby Ends & Winch Plate make the maximum overall weight of the bumper 62.6lbs.

XHD ALUMINUM REAR BUMPER PODS

**<http://www.fueleconomy.gov/feg/driveHabits.shtml>

Taking the light weight theme further, we have developed steel inner framed Aluminum Rear Bumper Pods. These new lightweight Pods still allow for over sized tires but take a huge chunk of weight out of the bumper. [The picture shows the rear pods installed with the enclosed steel D rings for the XHD Rear Tire Carrier]. Each Pod can be used with tire carrier part #11546.20 to hang those 35"+ tires shown in picture with the optional center step. The XHD Aluminum bumper pods are approximately 40lbs+ lighter than the average steel off road bumper. Government studies show a fuel economy benefit of 2% for every 100lbs of weight savings.**

Just How Light is the Aluminum XHD Rear Bumper?

Rear Bumper	Weight
Aluminum XHD - Standard Configuration*	43.45lbs
OE Plastic Bumper Cover	16.5lbs
Brand X Off Road Bumper	85lbs & Up

*Standard Configuration: Pods, Brackets & D-Rings. The optional Step adds an additional 6lbs.

XTREME HEAVY-DUTY (XHD) REAR BUMPER SYSTEM FOR 2007-12 WRANGLER

Make the most of your rear bumper with our XHD Rear Bumper System. Features easy installation, amazing looks and two reinforced heavy-duty D-Ring attachment points. Special "inner mounting plate" provides an extremely secure mounting point - strong enough for off-road use! The two-piece design allows use with and without tire carrier options. Heavy-duty powder coated steel design looks great but is extremely tough. Mount on the optional Tire Carrier and you can hold up to a 35" tire.

D-rings attach securely to the frame of the vehicle for a rock solid recovery mounting point.

XHD TIRE CARRIER MOUNT FOR 2007-12 WRANGLER

The perfect addition to the XHD Rear Bumper & XHD Aluminum Rear Bumper is the matching XHD Tire Carrier Mount. The latch uses a sturdy locking mechanism for security and a tough appearance. Our engineers have gone to great lengths to make this the quietest tire carrier on the market, no more rattling! The massive hinge pivots on a heavy-duty roller bearing and supports up to a 35" tire. A multi-position locking pin mechanism keeps the arm in the open position when you need to open the tailgate, even on the steepest grade. The XHD Tire Carrier Mount attaches to the XHD Rear Bumpers using the D-ring mounts for a solid foundation.

Latching Mechanism With Attached Security Pin Keeps Your Carrier Secure

Part

11546.22

TIRE CARRIER LINKAGE

Has opening your rear tailgate become a burden since you added a swing out tire carrier? Has it become easier to crawl over the rear seat to grab your gear, than hassling with the tire carrier? The Rugged Ridge® Tire Carrier Linkage Kit eliminates the issue and makes accessing the cargo area quick and painless. Once installed the linkage mates the tire carrier to the tailgate, so both open in a single fluid movement. The Tire Carrier Linkage is designed to work with Rugged Ridge® XHD, rear bumper and tire carriers, but will also work with most other aftermarket tire carriers. No drilling is required to mount the linkage to the tailgate, but some minor drilling is required to mount the linkage to the tire carrier.

RRC REAR BUMPERS

The Rugged Ridge RRC Rear Bumper provides the off road protection you are looking for! The frame mounted platform features a heavy-duty grid like system with raised sides for the ultimate protection and greatest ground clearance. Each RRC bumper is constructed of durable powder coat painted .120 wall welded end cap steel tubing for long life and extreme durability. RRC Rear Bumper also features a reinforced hitch box that is designed for off-road accessories (not designed or rated for towing. Use only for accessories). To make your vehicle look its very best, we have enclosed a rear filler plate that completes the look of your bumper and hides un-sightly under carriage parts.

RRC SIDE ARMOR

2" x .12" Wall Construction, Black Texture Powder Coat Finish

Resists Scratches & Is Slip Resistant

11054.20 RRC Side Armor, Textured Black, 07-12 4-Door Wrangler

Keep your rocker panels from being beaten to a pulp on the trail with Rugged Ridge® Side Armor. Built from heavy-duty 2" x 0.120" black texture powder coated steel tubing, these guards will take the beating that was meant for your sheet metal. JK models feature a simple bolt-on design that utilizes existing body mount locations for a secure, rattle free installation. The black texture finish resists scratches and gives a slip-resistant surface for door entry. Sold as a pair and includes all necessary installation hardware.

07-12 Wrangler models have simple bolt on design. Utilizes existing body mount locations on frame.

SIDE TUBE STEPS

Complete the look with a set of Rugged Ridge® tubular tough duty side steps. Available in 3" round, 4" round, and 4.25" oval diameter sizes. The large 4.25" oval and 4" round tubes provide a much cleaner look and are not "dwarfed" by oversized tires and oversized body style features of the 2007-12 Wrangler. Rugged Ridge® Stainless Tube Steps feature prime 304L, .05" wall stainless tubing polished to a mirror finish. The polishing process for a Rugged Ridge® step is longer and deeper pulling out the deepest shine from the steel. A true "deep polish"! Rugged Ridge® painted steel Tube Steps feature special E-coated, .07" wall steel that is "thick source" powder coated for a tough chip resistant finish. The special E-coat undercoating provides double rust protection as it bonds to the metal creating a protective layer found nowhere else. All Rugged Ridge® Tube steps feature a truly custom fit with installation brackets constructed of durable 3/16" powder coated steel for long life and years of flex-free use. Each Tube Step features special UV treated no-slip step pads with 5 mounting pins. These step pads are preinstalled on top of the tube - no exposed metal to rust. All 2007-12 Wrangler models are no drill designs.

ALL-TERRAIN FLAT FENDER FLARES

Now, with the NEW All-Terrain Flat Fender Flares from Rugged Ridge® you can add a bigger tire option for a true off road look. You can also use in combination with a suspension lift for maximum off road performance. These exciting new flares are out-of-the-box ready to turn your street Jeep® into an off road machine. By removing your original flares and replacing them with these high clearance designs, you can run larger tires without interference from the flare. The ability to run a larger tire with little or no suspension lift means a "lower center of gravity" making your JK more stable, yet you still get greater ground clearance necessary for off road. With 1.5 inches less coverage in the front and 1 inch less in the rear these flares are slightly narrower than factory, yet still maintain proper tire coverage and aggressive looks. Constructed of a flexible UV treated high impact thermoplastic, these flares are designed for the trail and create a whole new look for your JK. Easy to install, these flares replace your factory flares, attaching to the factory mounting points with no drilling. Simply remove your original flares and add on the All Terrain flares. The kit also includes easy to install mounting brackets that allow you to relocate and use the existing factory side marker lights. The All Terrain Flat Fender Flare is the hottest looking, most functional Off Road Flare available for your JK! Finally, because no cutting or drilling is required, if you ever want to switch back to your original factory flares, there's no problem!

Special side marker light brackets included for use with your factory side marker light

Wheels For 2007-12 Wrangler

15301.10 Satin Black with Machined Lip

15301.01 Satin Black

15301.40 Silver

15301.20 Chrome

15301.10

Rugged Ridge® is proud to introduce the toughest new design in custom wheels for 2007-12 Wrangler. This Hub-Centric design exactly centers the wheel over the hub providing proper balance, clearance for brake rotors, steering components and suspension. Better fit, no wheel vibration! Stainless steel button-head socket cap screws around the perimeter of the outer wheel face give a great 3-piece look, and also let you accessorize with our optional trim ring. Each wheel includes a UV-treated polished center cap that replicates a manual hub for that off road look. Available in five finishes: Satin Black Powdercoated, Satin Black Powdercoated with Machined Lip, Silver Powdercoated, Dual-Stage Polished Chrome, and Limited Edition Hyper Silver. The durable powdercoated finish gives an ultra-hard finish for long life and a great look. The chrome finish uses a dual-stage process to give a deep reflective mirror-like shine that commands attention. Rugged Ridge® wheels have been independently tested and certified to meet/exceed SAE J2530 standards for wheel strength and durability. Limited lifetime structural warranty and 1 year finish warranty [see warranty information for details and limitations].

NEW POWER TOP

BY RUGGED RIDGE!

The first true convertible top for 07-12 Wranglers

POWER TOP AUTOMATICALLY GOES UP AND DOWN WITH THE PUSH OF A BUTTON!

Rugged Ridge® is excited to announce the first ever true convertible top for the 4 door JK Jeep® Wrangler. No more struggling to get your soft top up and down. This revolutionary soft top design automatically goes up and down without you even getting out of the vehicle. Our patent pending design allows the top to be lowered or raised in seconds by unlatching two header latches and the simple push of a button! In development for over a year, the engineers at Rugged Ridge® have created a heavy duty frame system that folds up and over your factory roll bar therefore making the "push button" design possible. The Power Top Kit fits all 2007-2012 four door Wranglers and comes complete with heavy duty sailcloth fabric, 31% tint 30 mil rear window glass, power top frame, hydraulics, wiring harness and an in-depth installation packet. Everything you need to make your JK a true convertible top!

NEW!

Each Power top is a complete kit that includes everything you need for installation to your 2007-2012 four door Wrangler: heavy duty sailcloth fabric, 31% tint 30 mil rear window glass, power top frame, hydraulics, motor, wiring harness and an in-depth installation packet. Bolt-on installation, No fabrication necessary.

WARNING:

Loss of vehicle control involves risk of death or serious injury, particularly to parts of your body not restrained within vehicle. This product is intended for weather protection only and should not be relied upon to contain occupants in the event of an accident or to protect from either ground contact or falling objects. To reduce risk of accident injury:

- Always wear seat belts.
- Read and follow all instructions and warnings accompanying this product, in vehicle owners manual and Off Road Driving Supplement.

THE POWER TOP WILL FOREVER
CHANGE THE WAY SOFT TOPS FOR
JEEPS® ARE DESIGNED

Wrangler 07-12

LOOK AT THESE EXCLUSIVE FEATURES:

- The kit has everything needed for a complete installation including the soft top, frame, door surrounds, motor, hydraulics and wiring. Installation requires that you reuse the factory header and rear tailgate bar. One kit fits all years of 4 door Wrangler!
- Professional installation is recommended but a skilled do it yourselfer can also install it and no special tools are required. **Estimated install time for a skilled installer is approximately 5 hours.**
- The [patent pending] 4 door version will be available first but we also have a 2 door version in development.
- The frame comes pre-assembled and ready for installation and is constructed from corrosion resistant powder coated steel. All fasteners and bushing are specified for high grade strength and wear resistance.
- The frame installs to the tub rail using pre-existing holes along the top and then one hole is required over either wheel well on both sides to provide added support for strength, rigidity and smooth operation.
- Injection molded door surrounds are included to replace the factory surrounds to ensure a weather tight seal.
- The frame is powered by an electric motor with a hydraulic pump that drives two hydraulic cylinders. The motor and wiring relays mounts underneath the rear deck lid where it is concealed neatly out of the way.
- The motor and hydraulic cylinders come pre-assembled and ready to install with adjustable flow control valve, hoses, fittings and fluid [pre-bled].
- The top is constructed from premium sail cloth fabric and includes a zip-out removable DOT approved 30 mil rear window with 31% smoke tint.
- The system includes all wiring, relays, and switches for a complete installation. The wiring scheme is a simple yet very effective design and protects against improper operation or damage of the top by only working when the drivers' foot is on the brake.
- Limit switches are also included to control the power when the top is either fully up or fully down for added safety and to reduce wear and stress on the system.
- Operation of the top is extremely easy and effortless. From the driver's seat you simply unlatch the header and [while your foot is on the brake and key in ignition] push the switch. Down it goes! That's it!
- The power top is designed to stay on the vehicle full time once it is installed. However, it can also be removed from time to time if necessary thus permitting the owner to change it over to their hard top in winter or to return the vehicle to a factory style top.
- Service and replacement parts will be readily available.
- The entire system and all components are covered by our 3 year warranty.

A durable hydraulic piston provides the torque to lift and retract the Power Top. Easily secured to the vehicle wheel well and soft top frame, this durable component has been cycle tested to ensure a long life and consistent performance.

The Name Power Top comes from a durable electric power plant that has been specially developed for strength and size. This heavy duty motor installs in the storage compartment in the rear of your Jeep® keeping the rear cargo area clutter free. Each Power top includes the necessary wiring harness to make installation as easy as possible.

All Power tops have a tinted rear window that either rolls up or can be completely zipped out. This allows for that open air experience that Jeep® owners love! All Window glass is extra thick 30mil DOT approved with 31% tint. Quality and superior function all in one!

WINDOW STORAGE ROLL BAG

Protect your soft top windows from scratching and other damage with a window storage bag from Rugged Ridge®. This easy to use storage bag stores your rear quarter and rear back window using a soft internal material and a heavy duty exterior fabric bag for the ultimate in protection. The internal fabric is placed between the windows to prevent scratching and window on window contact. Simply place the windows in between the fabric and gently roll the windows into an easy to store "window roll". This rolled up bag can now be easily installed to the rear of your sport bar with attached nylon straps and buckles. This window storage bag solution is a must for those soft top owners who want to keep their windows out of harm's way and prolong the life of their soft top. Each storage bag is backed by an industry leading 3 year limited warranty.

RUGGED RIDGE® ALL TERRAIN FLOOR LINERS FOR 07-12 WRANGLER

**The only floor liner with patent pending
"Deep Tread" Technology!**

These floor liners are a totally new concept that combines all the best features of a deep rib floor mat and the 'old style' liners. Precision engineering using state of the art technology ensures an exact fit to the shape and contour of your vehicle's floor. The deeply molded Chevron-shape tread pattern channels dirt, mud and snow away from the driver to keep shoes and pant legs clean. It also contains the movement and sloshing around of any trapped water. The high perimeter wall offers a large footprint and maximum interior protection and containment. Unlike ordinary liners that utilize an inconsistent vacuum thermoform process and slippery lower grade plastic these liners are high pressure injection molded from OE-quality Thermoplastic that looks and feels like rubber and provides a nonslip surface. Raised ribs on the bottom provide maximum retention and keep the liner in place. The unique self-sealing floor hook attachment feature helps to prevent dirt and moisture from getting through. Easy to remove and clean. Simply hose them off and go!!! The mat actually reseals itself around the hook!!! Patent pending.

2nd Row, Jeep® 07-12 Wrangler 4-Door

RUGGED RIDGE® SUN VISOR COVERS FOR 2007-12 JEEP® WRANGLER

Instantly turn those plastic factory sun visors on your 2007-2012 Wrangler into usable storage space while getting a clean new look with Custom Rugged Ridge® Visor Covers. Each pair of visor covers quickly and easily attach to your factory sun visors without drilling or vehicle modification. Constructed of durable interior matching textured black vinyl, these covers will provide the storage and features you want while looking great. The driver's side cover features a see through bottom window to expose the factory warning labels and an inside storage pocket with custom storage options; two pen/tire gauge holders, clear window registration/insurance card holder, Mesh storage pocket for commonly used items like garage door openers and a cavernous fold down storage pocket that can hold CD's and cell phones. The passenger side cover offers the same cavernous storage pocket as the driver's side (great for road maps!) but also features a vanity mirror. Packed as drivers' and passenger set, these great covers are the perfect add on accessory for your Jeep®! Note: 2007-09 Visor Covers will not interchange with 2010-2012 Wranglers due to factory visor change.

RUGGED RIDGE® OVERHEAD STORAGE CONSOLE FOR 2007-12 JEEP® WRANGLER

The Rugged Ridge® Overhead Storage Console is the storage solution you have been waiting for! It instantly turns the area underneath your top into usable storage space without any interference or modification to your vehicle. Fits all 2007-2012 Jeep® Wranglers! Works with soft tops, hardtops, the top up, or the top down. The Overhead Storage Console is a fully enclosed storage compartment that installs easily without any tools or drilling. It is constructed from durable blow molded High-Density polyethylene (HDPE), so it is safer and lighter than steel. A non-skid pad is adhered to the inside of the console to help keep your gear from sliding around, and a mesh storage net helps keep it safely stowed yet easily accessible. The console measures 41.5"x2.5"x6.5" and offers more than 450 cubic inches of storage.

Rugged Ridge® Overhead Storage Console	Part #

DASH ORGANIZER FOR 2007-10 WRANGLER

Looking for space to store that clutter? Introducing the new Rugged Ridge® Dash Organizer for 2007-2010 Jeep® Wranglers! This innovative new product incorporates existing mounting points to install a dual tray storage system right on your dash. Now you can easily store coins, pens, sunglasses, cell phones and other small items right in reach of both the passenger and driver. Installation is a snap; simply remove the original equipment screw covers on your dash, screw in the exclusive double headed mount and attach the Dash Organizer. It is that easy! Each Dash Organizer incorporates UV treated thermoplastic mounts and two trays with a painted aluminum cross tube for the ultimate in flexible design. Each tray can be mounted across the aluminum tube with thumb screw attachments. Rubber feet attached to the trays prevent rattling and provide a secure fit. The small tray has a special built in slot for MP3 players or cell phones with a belt clip (not included). Each tray has a special "recessed guide" that can be easily drilled out to create an out-of-the-way power cord locator. This exciting design has a low profile and does not interfere with driver visibility or air bag deployment.

Rugged Ridge® Organizers	Part #
Dash Organizer, 07-10 Wrangler	13551.10

*will not fit 2011-2012 models

Each Dash Organizer also includes a split bracket CB mounting kit and separate CB microphone holder for use with most smaller CB units. Holes in the bottom of the large tray have been pre-drilled for easy installation of these brackets and include a recessed area for optional out-of-the-way power cord use.

REAR STORAGE BIN FOR 2007-10 WRANGLER

Protect your carpet from moisture, dirt, and grease with the exclusive Rugged Ridge® storage bin for 07-10 Wrangler. This custom fit storage bin fits perfectly in the rear cargo area storage compartment providing protection and an easy to use removable tote. Molded from rigid and durable ABS plastic for a perfect contoured fit and long life. The unique chevron pattern matches the look of the All Terrain Floor and Cargo Liners. Each bin features integrated handles for ease of removal and cleaning.

JK REAR SEAT ORGANIZER

The perfect organization solution for your Jeep®! The new Rugged Ridge® Back Seat Organizer features two separate storage areas to organize wayward trash, toys, drinks, iPods and other clutter. Each organizer is designed to instantly fit into the rear cup holders of your 2007-10 Jeep® Wrangler and includes a removable double walled lid. The large storage area will hold up to three 12oz. soda cans or two 16.9oz. water bottles with ice. The top lid can be easily removed creating a handy writing surface or small tray. The front tray can keep cell phones, iPods or other small items from rolling around the back seat. Easily removable to clean and empty, this truly is a must for your Jeep®!

CUSTOM FIT NEOPRENE SEAT COVERS

13214.53 Front Seat Covers
Neoprene, 07-10 Wrangler

Protect your Jeep's® interior with these Custom Fit Neoprene Seat Covers from Rugged Ridge®. These covers are constructed of durable 100% neoprene with no filler fabrics creating the best fitting, longest lasting neoprene seat cover available. Neoprene [wetsuit material] is a great fabric to protect your seats from dirt, water and whatever mother nature can throw at you! Each cover is custom tailored for your Jeep's® original equipment seat style making your seats look like they have been recently reupholstered.

Installation is easy with special designed elastic cords, nylon straps and hooks that attach to your seat and to the seat cover mounting points. All seams have been double reinforced for strength and a special backing fabric is used on the seams for added protection against rips and tears. Available in black on black, grey on black, red on black and tan on black to complement virtually any Jeep® interior.

HALF DOORS

NEW!

*Paintable impact resistant thermoplastic outer door skins!

Features and Benefits

- Get the open air fun and factory look for a lot less money. Finally the half door solution Jeep® owners have been waiting for!
- Impact resistant thermoplastic black ABS material with enhanced UV protection.
- Matte finish is easily paintable for custom match factory look.
- Specially reinforced internal steel frame provides strength and is powder coated to resist corrosion.
- The interior of our new half doors were not forgotten about in development. The textured inner ABS panels provide a finished look and feature a grab handle and molded storage pocket.
- Light weight half doors provide added convenience and utility with improved visibility on the trails.
- Each door has a weather tight seal to keep out moisture and reduce wind noise.
- OE Style Hinges provide a factory look and are designed to last.
- Durable and lockable paddle handle.
- Matching soft upper doors available for all season protection from the weather.
- Designed to work with your original mirror or for added convenience permanently install a pair of Rugged Ridge® replacement mirrors.
- Adjustable nylon door strap allows you to control and adjust how far the door opens.
- Attaches to factory hinge and door latch locations—easy no-drill install.
- Front pairs fit 2-door and 4-door Fronts, Rear pairs fit 4-door Rears.

Upper Soft Door, Rear, Jeep® Wrangler [JK] 07-12 NEW	13712.15

TUBE DOORS

Like the “doors off” feel but also want the added convenience and utility of having doors on the trail? Rugged Ridge® Tube Doors are constructed from durable 1.5” mandrel bent steel tube that is E-Coated primered and then textured powder coated for a long lasting finish. Tube doors help increase visibility when climbing obstacles and trail riding. The Tube Doors interchange easily with the factory steel doors and require no body modification for installation. They are light weight and small enough to be stored easily in back of the vehicle when not in use.

Features and Benefits

- Thicker than most other tube doors with durable 1.5” diameter steel tubing construction providing added strength and great looks.
- E-coat and textured powder coat for corrosion resistance.
- Tube doors provide added convenience and utility for improved visibility on the trails.
- Design to work with your original mirror or for added convenience permanently install a pair of Rugged Ridge® replacement mirrors.
- Adjustable nylon door strap allows you to control and adjust how far the door opens.
- Half doors are easy to install and remove and are small enough to be stored in the vehicle.
- Optional cargo storage kit available that can be configured to use in a variety of ways.
- Durable and lockable paddle handle.
- Sold as a front pair and also a rear pair is available for 4 door JK.
- Attaches to factory hinge and door latch locations, easy no-drill install.

Rugged Ridge® Tube Doors

Tube Doors Front, JK 07-12, PAIR NEW	11509.10
Tube Doors Rear, JK 4-DOOR 07-12, PAIR NEW	11509.11

TUBE DOOR CARGO COVERS

Add a fully adjustable Molle / Pals storage solution to your tube doors! The Rugged Ridge® Tube Door Cargo Covers are made from 600 denier polyester fabric with a durable vinyl backing. Our storage solution features an assortment of five different storage pouches with internal storage compartments. The great Molle / Pals mounting system allows you to arrange the pouches however you wish, or grab them and go! They mount on any backpack that features the Molle / Pals system! The tube doors and Cargo Covers take up less space than the OE steel doors, so unlike other systems you still have plenty of room for your knees! The Cargo Covers are designed with adjustable mounting straps that allow you to configure the cargo system with both Rugged Ridge® and most other aftermarket tube doors.

BILLET DOOR STOPS

COMING SOON

These billet mechanical door stops replace the troublesome nylon door check straps that are provided from the factory. The billet door stops incorporate a sliding arm with two stop positions that keep the door from swinging closed when passenger exists the vehicle. The dual nylon heim joints allow the door to open and close smoothly, while the billet stop keeps the doors from swing free and damaging the hood and fender. They also feature an easy quick release so you can remove the doors for off road use. Easy no drill installation!

MIRROR RELOCATION BRACKETS & DOOR FILLER PLATES

Custom designed brackets bolt into existing holes on the windshield relocating your mirrors off the door. The perfect add-on accessory for those off-road adventures where you do not want your doors. Each bracket kit for the 2007-12 Wrangler comes with a special paintable filler plate to cover up the hole created when you remove your mirrors. Sold in pairs.

When you want to remove your doors from your Jeep® and permanently mount side mirrors to your "A" pillar, you need a filler plate to fill the left over hole on your door. Each steel filler plate attaches to the door using enclosed bolts and can be easily painted to match your door. These filler plates can also be used on Rugged Ridge® half doors and are a perfect addition when using the new Rugged Ridge® Quick release mirrors #11025.10 which place the mirrors directly on the A pillar.

ROLL BAR DRINK HOLDER

Quickly places a convenient drink holder anywhere along your Jeeps® Sport Bars. Padded nylon drink holders attach with quick release "hook & loop" straps and hold a variety of cups and water bottle sizes. Foam insulation keeps your favorite beverage cool in the hot summer sun. Packed in pairs for both front and back seat use.

Roll Bar Drink Cup Holder	Part #
For all Jeep® Roll Bars, Pair	12101.51

LED COURTESY LIGHTS

The natural design of a Jeep® interior does not provide adequate interior lighting for map reading or looking for items inside your Jeep®. Now you have two outstanding options for interior lighting with the new Rugged Ridge® LED Courtesy Lights. Each lighting option features an extra bright, energy efficient LED light powered by 3 AAA batteries [not included] so there is no wiring required. The Roll Bar mount design attaches to any 2-3" roll bar using heavy duty straps and hook and loop fasteners. The NEW header mount courtesy light attaches with screws to the interior location of your choice. However, we suggest it being placed on the front header portion of the 2007-2012 Wrangler putting light in the center front of your Jeep® interior within easy reach of both driver and passenger. In this application, the screws mount directly to the plastic header making installation easy, secure and providing maximum lighting for the interior of your Jeep®.

LED Courtesy Lights	Part #

HINGE TREATMENTS FOR 2007-12 WRANGLER

These cast steel design Hinge Treatments are guaranteed not to rust while providing a new beefy look. Door and Hood Hinge covers feature an easy-to-install design. Replacing your existing hinges can break & crack the surrounding paint, as the hinges were painted at the factory after installation. These covers retain the stock z but give it a new look without harming your expensive paint. A direct bolt on - no drilling required, fits either side. Use 4 hinge treatment pairs for 4-Door models, 2 pairs for 2-Door models and 1 pair for hood.

RUGGED RIDGE® CAST BLACK STEEL DOOR HINGES FOR 2007-12 JEEP® WRANGLER

You have black bumpers, a black top, black mirrors, black door handles and black euro-guards, why not complete the look with a set of black cast steel replacement door hinges from Rugged Ridge®? These aren't the stick on covers that our competitors offer. The heavy duty cast construction and powder coated finish ensure these hinges are built to last. The hinges are offered in sets for both the doors and hood. Includes matching black allen head bolts to complete the installation. They are direct bolt on replacement hinges for an out of the box solution, but without out all the fuss and mess of painting your factory hinges.

STAINLESS & BILLET STYLE GAS HATCH COVERS

Create a custom look in just a few minutes. This special design fits directly over the existing gas cap opening. These tough gas covers are available in either stamped stainless steel, polished aluminum or chromed aluminum and are specially treated for resistance to gasoline and other chemicals. Unlike other designs on the market, installation does not require the removal of the tail light or internal gas cover components. For 2007-12 Wranglers the cover attaches directly to the original equipment plastic insert using self tapping screws with no need to remove the existing plastic insert. Available with or without locking mechanism. Please note that your factory gas cap is still required.

HEAVY-DUTY DIFFERENTIAL COVERS

Indestructible! You won't break these covers, we guarantee it. Made of 3/8" cast steel, painted black inside and out, these heavy-duty covers are designed to protect your differential and all its working parts for as long as you own your vehicle. These indestructible covers have been "44 caliber tested" - if they can take a bullet at point blank range (don't try this at home!), they can take all that the trail has to offer. Available for most popular Dana differential types and include extra reinforcement protection for the fill plug area. All mounting hardware and instructions are included for easy of installation.

OFF ROAD JACK ROLL BAR MOUNTING BRACKET

Get your Hi Lift style jack out of the elements with this roll bar mounting kit from Rugged Ridge®. Storing your jack outside leaves it vulnerable to water, debris, ice and theft. These great new brackets allow you to secure your jack to the sports bar without sacrificing cargo area storage, and increase the longevity and function of your jack! The simple no drill installation allows for easy removal and storage of the jack.

Off Road Jack Roll Bar Mounting Bracket	Part #
07-12 Wrangler	11586.02

HEAVY DUTY TIRE SPACER

The Spare Tire Spacer bolts to your existing factory spare tire mount and relocates the tire two inches up and out. Both the HD Tire Carrier and Spare Tire Spacer feature 5x4.5" and 5x5.5" wheel bolt patterns and tough powder coated black textured finish. Caution: The tailgates on 07-12 Wrangler models are not designed to hold extra large tires. Therefore, do not use a tire larger than a 33x12.50" or equivalent tire with this spacer. If you want to carry a larger tire, we recommend using the XHD Rear Bumper with Tire Carrier.

Heavy-Duty Tire Carrier & Spacer	Part #
07-12 Wrangler, Textured Black, Each	11585.02

CAUTION: The tire carrier spacer is designed to fit tires 33" in diameter or less. Do not exceed these tire sizes

HOOD LOCK

Special design virtually disappears into the grille. Cam lock design keeps people out of the engine compartment of your Jeep®. These clever applications install in minutes. An upgraded internal lock cover keeps ice and debris from fouling the lock mechanism.

Hood Lock Kits	Part #

Each Jack mount incorporates a special round cutout for padlock use.

Fits All Original Equipment And Rugged Ridge® XHD Rear Bumpers

Quick Release Knob Allows For Easy Jack Attachment/Removal

STAINLESS HEADERS FOR 2007-11 WRANGLER

Our custom Exhaust Headers are engineered to deliver improved performance. The 3.8L isn't a bad motor it just needs more air to "breathe" properly. Our headers increase exhaust gas exit velocity to move more air through the cylinder head's combustion chamber resulting in performance gains. They are constructed of 409 stainless steel to ensure a long operating life. Each complete kit includes manifolds, gaskets, hardware, clamps and easy to read instruction sheets.

NEW!

Stainless Steel Headers	Part #
2007-11 Wrangler w/3.8L Engine, Each NEW	17650.53

STAINLESS STEEL CAT-BACK EXHAUST SYSTEM

Open up your Jeep®'s exhaust with this great looking & long lasting polished stainless steel dual exhaust system. You'll get a mellow exhaust note that will set your rig apart while enjoying increased performance. The 2 1/4" mandrel bent pipes give hot exhaust gases a smooth exit without the constrictions found in crush-bent pipes. This added flow decreases back pressure and will actually increase the horsepower of your 3.8L or 3.6L engine! This is a bolt-on system that installs after the catalytic converter to keep your emissions legal. The dual split exits feature slash cut and rounded oval tips for a tough look. Each kit includes all necessary mounting hardware for an easy bolt on installation.

NEW!

Stainless Steel Cat-Back Exhaust System	Part #
07-12 Wrangler 2-Door & 4-Door, Kit NEW	17606.75

MODULAR XHD SNORKEL

Dusty Trails Rides and Deep Water Fordings. –Anyone who takes their rig off-road is likely to encounter these conditions. The new Modular XHD Snorkel System from Rugged Ridge® relocates the venerable stock air intake location to help reduce dust clogged filters and the risk of hydro-locking your engine. It is also the first snorkel designed with the modular functionality of a Pre-filter Low Mount and Ram High Mount air intake design. Unlike other snorkels, you don't have to give up flexibility for functionality. Not only did we engineer our snorkel to allow the windshield to fold and doors to be removed, we built it for use with our dual battery tray, windshield light bar and windshield light mounting tabs... Because what good is having a snorkel to cross the river, if you have to leave your lights and the dual battery (to power your winch) on the other side?

The Modular XHD Snorkel System comes standard with the Pre-filter Low Mount. The Pre-filter Low Mount relocates the air intake to just below the windshield and draws cool air from outside the hot engine compartment. The optional Ram High Mount design allows the air intake to be extended up an additional 21" to the top of the windshield. The two air intake mounts are easily interchangeable to give you the modular functionality best suited to your needs. The system is manufactured from premium thermoformed plastic, mandrel bent aluminum and hi-temp silicone connection hoses. Built in manual drain valves channel away excess water to prevent it from entering the intake system. It installs with minor modification to the fender, but without the major cutting and surgery that other kits require. The new lower air cleaner box installs in place of the factory unit, so you don't have to "hack and tap". Just attached the factory upper air box, chose from the Pre-filter Low Mount or Ram High Mount design and go!

High Mount
w/ Ram Intake
17756.07

Complete
Snorkel Kit
17756.20

Low Mount
17756.06

- The modular design allows you to choose a Pre-filter Low Mount or Ram High Mount design.
- Works with other popular Rugged Ridge® accessories like: Dual Battery Trays, Windshield Light Bars & Windshield Light Mounting Tabs.
- Installs with minor modification of the fender. Unlike other kits that require cutting large holes in the firewall, fender or hood!
- Includes lower air cleaner box that seals and mates to the factory air intake.

2012+ 3.6L VERSION - IN DEVELOPMENT!

Want more horsepower, better throttle response, and improved acceleration?

A Rugged Ridge® Cold Air Intake System can boost your performance, while helping you keep extra cash in your wallet. Our polished aluminum mandrel bent intake tube replaces the restrictive factory air box to help improve fuel economy. A black powder coated heat shield separates the filter from engine heat, dirt and debris, as cold air is drawn through a high-flow conical air filter. Unlike other reusable air filters, our dry panel design never needs oiling, which keeps your mass airflow sensor from being damaged by excess oil! The simple bolt on installation gives you power you can feel, adding up to 10HP and 12ft lbs or torque, depending on application.

** Depending on Kit

17750.06 for 2007-11 Wrangler 3.8L

RUGGED RIDGE® THROTTLE BODY SPACER FOR 2007-11 JEEP® WRANGLER

The Rugged Ridge® Throttle Body Spacer raises the throttle body 1/2" above the intake manifold. The lift helps optimize power and performance by drawing in colder denser air. The large bore design allows your system to inhale a larger volume of air producing more horsepower and torque. It features solid aluminum construction with a slick anodized black finish, and is a bolt on performance adder for 3.8L engines.

SYNTHETIC AIR FILTER

Unlike other reusable air filters, our dry panel design never needs oiling, which keeps your mass airflow sensor from being damaged by excess oil! Rugged Ridge® performance high flow filters are made from a synthetic fabric and not cotton. Cotton filters are made porous and must be oiled to trap dirt and debris. But that oil reduces air flow through the filter and it can become easily clogged. Our filters are woven from synthetic fabric to allow maximum air flow and particulate filtration. Because our filters never need oiling, they can be cleaned easily with water instead of degreaser, reducing the cost of maintaining the filter over the lifetime of your vehicle. No oil = No fuss, no mess and improved performance!

RUGGED RIDGE® SYNTHETIC ROPE PERFORMANCE WINCHES!

We have taken the high quality features of our regular winch and replaced the steel cable with genuine Dyneema SK-75 Synthetic Rope for a lighter weight, high performance winch option. The synthetic rope used on Rugged Ridge® winches is custom designed for heavy duty use and combined with the included polished aluminum hawse fairlead and 12' hook, will provide the ultimate in pulling power.

Rugged Ridge® 8,500 Synthetic Rope Winch- 11/32" x 100', Breaking Force 16,550lbs

- Constructed with Dyneema SK-75 fiber from the Netherlands.
- Same high strength fabric used in ballistic body armor.
- Significantly stronger than same diameter steel cable and up to 40% stronger than Kevlar.
- 1/7 the weight of the same diameter wire rope.
- Will not splinter, kink or curl like wire rope & floats in water.
- Specially coated to be resistant to UV, abrasions, and chemical solvents.
- Heavy Duty 11/32" 12-strand braid with a breaking force of 16,550lbs
- Hawse fairlead included

WARNING: WARNING: Read and understand all instructions and related Warnings, Cautions and Notices before attempting to install or use your Rugged Ridge® winch.

WHY SYNTHETIC WINCH ROPE?

Stronger and lighter, the two key elements of Synthetic Rope that make it the choice of competition off road vehicles everywhere. Rugged Ridge® high strength synthetic Winch Rope is constructed from genuine Dyneema SK-75 fiber imported from the Netherlands. This revolutionary fiber is the choice of off-road enthusiast worldwide. It is stronger and lighter than wire rope and never kinks or splinters! Our synthetic line is woven from twelve UV-treated strands, resulting in increased strength, and a power to weight ratio unmatched by wire rope. Each synthetic rope comes with a protective sleeve that prevents it from over heating on the winch drum, black powder coated latched hook, stainless steel thimble, and is pre-terminated end for ease of installation. Synthetic rope does not store energy like steel cables, and in the event of a failure it is much less likely to result in severe injuries caused by the whiplash of broken wire rope.

- Significantly stronger than same diameter steel cable and up to 40% stronger than Kevlar.
- Same high strength fabric used in ballistic body armor.
- 1/7 the weight of the same diameter wire rope.
- Will not splinter, kink or curl like wire rope & floats in water.
- Protective sleeves keep line from overheating on winch drum.

DUAL BATTERY TRAY

Outfitting a trail rig can add greater strain to the electrical system. Adding on a winch, air compressor, fog lights, driving lights, a spot light, electric fuel pump, and a stereo amp can really tax the battery. A great way to combat that strain is to install dual batteries. This is especially true when using a winch, which can draw big amps for an extended period. These kits are designed to mount two batteries in place of the factory single battery location. The trays and brackets feature a black powder coated finish. These are mounting kits only and do not include any wiring. A suggested wiring diagram is included. The kit places the batteries side-by-side and may be used with lead acid or cylindrical-style sealed gel cell batteries.

HID LIGHTING

We mated the brilliance of High Intensity Discharge bulbs with the rugged construction of our traditional halogen off road lights. The result is more efficient and powerful beam better capable of illuminating the night sky. HID lights are 2½ times more powerful than halogen lights and draw 60% less current than a standard 100W fog light. Our 6" and 5" HID Lights are constructed with heavy duty stamped steel housings, and are available in corrosion resistant black or stainless steel finish. Rugged Ridge® lights feature waterproof connections, internal ballast, and a reinforced multi-directional mounting base. The lights are available individually or in kits containing a pre-terminated wiring harness, relay, impact resistant stone guards and illuminated dash switch.

- 5", 6", 7" HID light assemblies available.
- 12V 35W 4200K HID Bulb.
- Internal ballast - no external ignition ballast to install.
- 2½ times more powerful than halogen bulbs.
- Draws 60% less current than a standard 100W fog light.
- HID Lights include impact resistant stone guard.
- The average life of an HID bulb is 2000 hours, compared to 500-1000 hours for a halogen unit.

Lights are available individually. All include impact resistant stone guards

Kits include a pre-terminated wiring harness, relay and illuminated dash switch

RUGGED RIDGE® JK WINDSHIELD LIGHT BAR

The Ultimate Light Bar for your Wrangler! This exciting new design has been created to give the durable look of a five tab light bar with features found nowhere else. Through extensive testing, this heavy duty light bar incorporates a special wind deflector below the light bar to dramatically reduce whistling and "buffeting" of your soft top. Each bar hugs the contour of your windshield providing a great look while not interfering with the use of your hard or soft top. Oversized 2" textured black tubing attaches to your windshield mounts with no drilling. Each Light bar has five light tabs for use with Rugged Ridge® Lighting options (fits up to five 7" lights). Each light bar has been specially developed to work with Rugged Ridge® Light mount brackets and/or Rugged Ridge® mirror relocation brackets. Special three piece design makes the packaging small for ease of shipping. This is truly the most advanced light bar on the market!

Fits All 2" Receivers, Each	11237.01

Designed by a dedicated team of Jeep® enthusiasts, the ORV™ suspension program is one of the most complete programs available. We have looked at each application in detail to provide the very best and most complete solution for your Jeep®. Since we focus the large majority of our attention on Jeep® vehicles, we know the ins and outs of what the best lift solution is depending on your individual needs. Below is a quick reference guide on the ORV™ program to make it easier to choose the lift you need for your particular need. Remember, all ORV™ Kits with shocks include a pair of neoprene wrapped grab handles and an Off Road Organizer for your glove box! **Welcome to ORV™ by Rugged Ridge®!**

A FEW WORDS ABOUT PRODUCT SAFETY.

Your safety and the safety of other motorists is very important. Your Jeep® is an off road capable vehicle that readily lends itself to restoration and customization. In considering modifications to your Jeep's® suspension you are the person choosing the combination of suspension, wheels, tires, drive train and accessories that best fit your intended use. Likewise, you are the person responsible for the safety and legality of the vehicle you modify. In modifying your vehicle's suspension, balance your desired off road capabilities against how the vehicle may actually be used off road and on road.

It is not practical or possible to warn about all hazards associated with your Jeep® or modifying your suspension for improved off road capabilities. Start by familiarizing yourself with all vehicle manufacturers' instructions, warnings limited warranties and the instructions and warnings accompanying your aftermarket product.

To help you make informed decisions about safety; this catalog and the instructions accompanying our products have provided certain information in the form of "Notices" and "Warnings". This information alerts you to potential hazards that could hurt you or others.

NOTICE

This is a caution against anything which may cause damage to the vehicle or its equipment if the caution is ignored. The Notice includes information about how you can avoid or reduce those risks.

WARNING

This is a signal telling you that you CAN be KILLED or SERIOUSLY HURT if you don't follow the Warning. The Warning includes information about what you must or must not do in order to reduce the risk of injury to yourself and others.

CAUTION

This is a signal telling you that you or others CAN be HURT if you don't follow the instruction. The Caution includes information about how you can avoid those risks.

WARNING

Modifying the suspension of your vehicle to improve off road capabilities involves certain risks. The modified vehicle may handle differently than as factory equipped including increased ride-height; reduced lateral stability and risk of roll-over or other accident. Also, owner's choice of larger tire and wheel combinations may require additional braking force or increased stopping distances.

- Failure to drive this vehicle safely may result in serious injury or damage. Avoid sharp turns or abrupt maneuvers. Do not drive the vehicle under any speed or maneuvering conditions which may cause the vehicle to trip, roll, lose traction or compromise your ability to safely brake in an emergency.
- Familiarize yourself with all vehicle manufacturers and Rugged Ridge® warnings, instructions and limited warranties before driving this modified suspension vehicle. Follow recommended maintenance procedures and routinely inspect your vehicle components for unusual wear or off road damage.
- Rugged Ridge® does not recommend combined use of body lifts with suspension or other lift devices or modification, alteration or fabrication of any Rugged Ridge™ suspension product to achieve additional lift. Also be aware that most states have restrictions on height modifications for vehicles used on road. Consult your vehicle owners manual, limited warranties, the instructions and warnings accompanying this product and state law before undertaking these modifications or using your modified suspension vehicle on road. A summary of current regulations affecting modified suspension vehicles is available from www.SEMA.org.
- Always wear seat belts and/or appropriate off road restraints, reduce your speed, tread lightly® and safely enjoy your off road vehicle.

07-12 JEEP® WRANGLER

What to Buy:

When looking at which kit is best for your application you need to determine two important things: size of tire and use of vehicle. On the 2007-12 Wrangler JK, 2.5-3.5" coil kit is designed for up to a 34" x 12.5" x 16" tire and moderate off road use. The 4"-5" coil kit is designed for more severe off road use and up to a 35" x 12.5" x 16" tire.

ORV™ 2.5"-3.5" Coil Spring Lift - With shocks part # 18415.50

- The most complete kit available on the market for JK.
- Includes four powder coated, E-coated 5160H hot rolled bar, 5/8" coil springs that are set to factory rates.
- By using 5160H hot rolled bar, the ORV™ Springs keep their memory, eliminating any possibility of future sag.
- Setting coil springs to factory rates gives you the best on road ride possible and the ability to use a larger tire.
- Each kit includes a rear track bar brace to strengthen the original track bar mount. An ORV™ exclusive!
- 4-Door JK's will get on average a 2.5" lift. Two door models will get up to a 3.5" lift. All lifts are dependent on specific Jeep® characteristics and additional parts being put on the vehicle [bumpers, winch, hard tops, soft tops etc.].
- ORV kits with shocks include a pair of Neoprene Wrapped Grab Handles and an Off Road Organizer!

JK 2.5"/3.5" Lift Kit

ORV™ 4"-5" Coil Spring Lift - With shocks part # 18415.60

- Get off road performance while not sacrificing on road ride.
- Includes 4 powder coated, E-coated 5160H hot rolled bar 5/8" coil springs, set to factory rates for longer life and better ride!
- Each kit includes a rear track bar brace to strengthen the original track bar mount. A must for off road performance on a JK.
- Kit includes sway bar disconnects for more articulation off road.
- ORV™ uses tough, over built extended control arms for added strength and higher performance. Each arm has a beefy 3/16" wall thickness and each end is tapered before welding. This extra heavy-duty design ensures a long life both on and off road.
- In most cases control arms are longer than factory to adjust for caster. This is not always true for other brand lifts! Each arm bushing can be easily greased without removing the arm from the vehicle.
- 4-Door JK's will get on average a 4" lift. Two door models will get up to a 5" lift. All lifts are dependent on specific Jeep® characteristics and additional parts being put on the vehicle [bumpers, winch, hard tops, soft tops etc.].
- Due to the changed pinion angle, we highly recommend a new drive shaft be installed when using any 4" or greater lift kit on a 4-Door Wrangler. A new drive shaft will be required on any 2007-12 2-Door Wrangler due to the shorter wheel base.
- All 4" Kits require a drop pitman arm.
- ORV™ kits with shocks include a pair of Neoprene Wrapped Grab Handles and an Off Road Organizer!

JK 4"/5" Lift Kit

18006.55 Pitman Arm

07-12 Jeep® Wrangler JK/Rubicon, 4WD [2 & 4-Door models]

	Kit w/o Shocks	Kit w/ Shocks	Max Tire Size HxWxD	Max Wheel Offset	Est. Install Time
2.5"-3.5" Lift, 07-12 Jeep® Wrangler, 2 & 4-Door	18401.50	18415.50	34"x12.5"x16"	4.5"	6 Hrs.
4"-5" Lift, 07-12 Jeep® Wrangler, 2 & 4-Door*	18401.60	18415.60	35"x12.5"x16"	4.5"	8 Hrs

Note: due to vehicle weight, the 2-Door models may receive an additional 1" lift over 4-Door models

* Will require a drop pitman arm 18006.55. Sold Separately

18401.50 Kit includes: (4) coil springs, rear track bar bracket, rear bump stop bracket, rear track bar brace, hardware kit
18401.60 Kit includes: (4) coil springs, (2) lower front links, (2) lower rear links, (2) rear bump stop brackets, (2) rear bump stop spacers, front track bar bracket, rear track bar bracket, (2) front double disconnect end links, (2) rear extended sway bar end links, rear track bar brace, hardware kit

CAUTION!
 CAUTION: Rugged Ridge® recommends use of wheel spacers with all suspension lifts to reduce risk of roll over or other accident associated with modifying ride height for increased off road capabilities. See additional product safety information and WARNINGS at back of catalog.

KNOW YOUR ORV™ KIT

All images are subject to be representative. More detailed information is available online.

ORV™ SHOCKS

ORV™ only uses nitrogen charged gas shocks for all their kits. Though a little more money, the nitro gas shock in combination with the ORV™ kits provide a better ride both on and off road. By using an ORV™ lift kit and matching gas shocks, you optimize the suspension's capabilities giving you a better ride both on and off road. Another advantage to Nitro gas shocks is their ability to prevent body roll. This is extremely important, as body roll will kick in the ESP sensors on later model Jeeps®, which will shut the vehicle down.

ORV™ shock features include:

- 150 PSI pressurized Nitrogen gas
- Internal valving - the internal orifice will rotate when the piston moves more than 2" - automatically adjusts to make the ride as smooth as possible
- Twin tube construction to lower heat build up and protect the shock from off road obstacles
- Constructed to ORV™ specifications by a leading Shock manufacturer
- Bonded Iron 14mm piston with extra chroming - provides for a longer, rust free life
- Includes polyurethane bushings and a black shock boot
- Limited lifetime warranty on the shocks

ORV™ Shocks

	Front	Extended	Collapsed	Rear	Extended	Collapsed
ORV Nitrogen Series Shock, 07-12 Jeep® Wrangler 2-Door, 3.5" Lift, 07-10 Wrangler 4-Door 2.5" Lift	18465.09	22.75"	13.54"	18465.10	25.35"	15.05"

COLORED SHOCK BOOTS

Add a splash of color to your rig with colored shocks boots from Rugged Ridge®. These durable shock boots keep mud and debris from prematurely ruining your shocks and they look great too! Works on ORV Nitrogen Shocks and most other brands as well! Sold each.

ORV™ Shock Boots

	Part#
Shock Boot, Black, ORV Suspension, Universal Application NEW	18479.50
Shock Boot, Red, ORV Suspension, Universal Application NEW	18479.51
Shock Boot, Blue, ORV Suspension, Universal Application NEW	18479.52

ORV™ STEERING STABILIZERS

ORV™ recommends upgrading your current steering stabilizer or adding a stabilizer on all lifted Jeep® vehicles. The ORV Steering stabilizer dampens out the roughness of the highway and the vibration from running larger tires and wheels. ORV Hydraulic Stabilizers also make it easier to move those larger tires and wheels both on and off road. These noticeable handling improvements are well worth the small investment!

ORV Steering Stabilizers

	Part#
ORV Hydraulic Series Steering Stabilizer, 07-12 Jeep® Wrangler 2 & 4-Door	18475.03

CV EQUIPPED DRIVE SHAFTS FOR 07-12 WRANGLERS

Reduce or eliminate driveline vibration with a CV-equipped driveshaft. Constant Velocity (CV) joints use two U-joints [double cardan style] in the place of a single U-joint. This smooths out the driveline angle and reduces vibration due to extreme lifts or driveline changes. Works with stock to 6" lift.

CV Equipped Drive Shafts

	Part #
07-12 Wrangler, Front 2/4-Door	16592.22
07-12 Wrangler, Rear 2-Door	16592.21
07-12 Wrangler, Rear 4-Door	16592.20

16592.21 CV Equipped Rear Drive Shaft for 07-12 Wrangler 2-Door

ORV™ SUSPENSION SYSTEMS BY RUGGED RIDGE® LIMITED LIFETIME WARRANTY

Your Omix-Ada® /Rugged Ridge® product is covered by the Lifetime Limited Warranty explained below that gives you specific legal rights. This limited warranty is the only warranty Omix-Ada® /Rugged Ridge® /ORV™ makes in connection with your product purchase. Parts sold by Omix-Ada® or Rugged Ridge® but supplied by other vendors are exclusively warranted by the vendor supplying the part. Omix-Ada® neither assumes nor authorizes any vendor, retailer or other person or entity to assume for it any other obligation or liability in connection with this product or Limited Warranty.

What is covered? Subject to the terms, exclusions and limitations herein and with respect only to products first sold in the United States, Omix-Ada® warrants to the initial retail purchaser only that its Rugged Ridge® suspension kits, and ORV™ shocks and stabilizers shall be free of defects in material and workmanship for so long as the initial retail purchaser owns the vehicle on which these products were originally installed. All other express or implied warranties are hereby disclaimed. Your warrantor for these parts is Omix-Ada®, Inc., 460 Horizon Dr., Suite 400 Suwanee, GA 30024. Omix-Ada® reserves the rights to: [a.] require proof of purchase as a condition of this Limited Warranty, [b.] make future revisions to its Limited Warranty without prior notice.

What is not covered? Your Omix-Ada® /Rugged Ridge® /ORV™ Limited Warranty does not cover any Rugged Ridge® /ORV™ suspension systems that are used or combined with non-ORV™ suspension components. Furthermore, ORV™ suspensions not installed with ORV™ or other recommended shock absorbers may void the Limited Warranty. Products that wear out or fail due to the use of larger tires or wheels are not covered by this Limited Warranty. Your Omix-Ada® Limited Warranty further does not cover products or parts supplied to Omix-Ada® by outside vendors or products, parts or vehicles Omix-Ada® determines to have been damaged by or subjected to: Installation damage, alteration, modification or failure to maintain.

- Normal wear and tear (bushings, tie-rod ends, etc.). Scratches or defects in product finishes (powder coating, plating, etc.) or damage due to shipping.
- Damage arising or related to non- Omix-Ada® /Rugged Ridge® /ORV™, including but not limited to any vehicle's electronic stability system, related components or other vehicle systems.
- Racing or other vehicle competitions or contests. Accidents, impact by rocks, trees, obstacles or other aspects of the environment.
- Theft, vandalism or other intentional damage.
- Products used in application other than those recommended in the current /Rugged Ridge® /ORV™ catalog or the instructions accompanying your Rugged Ridge® /ORV™ product.

Remedy Limited to Repair / Replacement. The exclusive remedy provided hereunder shall, upon Omix-Ada® inspection and at Omix-Ada®'s option, be either repair or replacement of product or parts covered under this Limited Warranty. Customers requesting warranty consideration on Omix-Ada® branded parts (including Rugged Ridge® and ORV™) should first contact the independent distributor from whom you purchased your part to obtain a Returned Goods Authorization number. All removal, shipping and installation costs are customer's responsibility. Customers requesting warranty consideration on non-Omix-Ada® branded parts should refer to the manufacturers' Limited Warranty and contact them directly. If a replacement part is needed before the Omix-Ada® part can be returned, you must first purchase the replacement part. Then, if Omix-Ada® deems the part warrantable, you will be credited the purchase price.

Other Limitations - Exclusion of Damages - Your Rights Under State Law

- In consideration of the purchase price paid, neither Omix-Ada® nor any independent Omix-Ada® distributor/licensee are responsible for any time loss, rental costs, or for any incidental, consequential, punitive or other damages you may have or incur in connection with any part or product purchased. Your exclusive remedy hereunder for covered parts is repair/replacement as described above.
- This Limited Warranty gives you specific rights. You may also have other rights that vary from state to state. For example, while all implied warranties are disclaimed herein, any implied warranty required by law is limited to the terms of Limited Warranty described above. Some states do not allow limitations of how long an implied warranty lasts and /or do not allow the exclusion or limitation of incidental or consequential damages, so the limitations and exclusions herein may not apply to you.

DRIVETRAIN ENGINEERING PERFECTED

Are you looking for an axle or ring and pinion rugged enough to match your off the beaten path sense of adventure? Alloy USA® axle shafts and Precision Gear® ring & pinions have been propelling muscle cars, trucks and four wheel drive vehicles down highways, drag strips, back roads and over the world's roughest terrain for nearly a decade. With the recent asset and intellectual property purchase of Alloy USA® and Precision Gear® by Ultra Axle LLC, an affiliate of Omix-Ada® Inc., these two brands are now backed by an industry leading, financially strong company that will be there for you in the long haul. As a member of the Omix-Ada® group of companies Alloy USA® and Precision Gear® will provide the service and support you demand!

The dedicated team of Alloy USA® and Precision Gear® engineers have developed, tested, raced and trail ridden each of our products until they were perfected. We marry the mechanics of engineering with the art of manufacturing to produce the finest in drivetrain solutions. High tensile strength 4340 Chromoly is heat-treated, tempered and induction hardened to produce these heavy-duty axles that are up to 40% stronger than stock. We use the latest splining technology to produce splines that are stronger than traditional cut splines. The shafts are then precision CNC machined and magnaflux inspected for cracks before receiving the Alloy USA® logo and a slick black anodized or natural finish.

Why have we put so much time and energy into developing our Axle Shafts and Ring & Pinions? Because horsepower is useless if you can't get it to the ground. We take pride in engineering solutions and prove it by backing each product with an industry leading warranty. Each axle is covered by our exclusive 10-year limited warranty and each ring and pinion is covered by a 5-year limited warranty so you can drive with confidence!

THE BEST WARRANTY IN THE BUSINESS

Alloy USA® /Precision Gear® Limited Warranty

Your Alloy USA® or Precision Gear® product is covered by the Limited Warranty explained below that gives you specific legal rights. This limited warranty is the only warranty Ultra Axle® LLC (the distributor/warrantor of these products) makes in connection with your purchase. Ultra Axle® LLC neither assumes nor authorizes any vendor, retailer or other person or entity to assume for it any other obligation or liability in connection with its products or Limited Warranty.

What is covered? Subject to the terms, exclusions and limitations herein and with respect only to products first sold in the United States, Ultra Axle® LLC warrants to the initial retail purchaser only that products sold under its Alloy USA® and Precision Gear® trademarks including Axle Shafts, Ring and Pinions, Installation Kits, Jeep® Overhaul Kits, Alloy USA® X Joints and Differential Covers shall be free of defects in material and workmanship for the Limited Warranty term/duration described below. This Limited Warranty shall be measured from the date of initial retail purchase, extends only to the initial retail purchaser and is not transferable. All other express or implied warranties are hereby disclaimed. Your warrantor for these parts is Ultra Axle® LLC, 460 Horizon Dr., Suite 400 Suwanee, GA 30024 (770-614-6101). Ultra Axle® reserves the right to: [a.] require proof of purchase as a condition of this Limited Warranty, [b.] make future revisions to its Limited Warranty without prior notice.

Duration of Limited Warranty by Product Line

Alloy USA®, front and rear axles- **10 Year Limited Warranty**

Precision Gear® and Alloy USA® Ring and Pinions- **5 Year Limited Warranty**

Jeep® Overhaul kits, Alloy USA® X Joints, Tube Seals, Differential Covers, Differential Cable Lock Kits, Wheel Spacers, Transfer Chain Kits, Yoke Conversion Kits & Hub Conversion Components - **3 Year Limited Warranty**

What is not covered: Your Alloy USA®, Precision Gear® Limited Warranty does not cover damage or claims to any component, vehicle or person other than Alloy USA® or Precision Gear® parts purchased by the initial retail purchaser. Your Alloy USA®, Precision Gear® Limited Warranty does not cover damage or claims to any component, vehicle or person Ultra Axle® LLC determines to have been damaged by or subjected to:

- Installation damage, alteration, modification, misuse or failure to maintain.
- Products used in application other than those recommended in the current Alloy USA®/Precision Gear® catalog or the instructions accompanying your Alloy USA® Precision Gear® product.
- Normal wear and tear/product life deterioration, scratches or defects in product finishes (powder coating, plating, etc.) or damage due to shipping.
- Damage arising or related to non- Ultra Axle® LLC products including but not limited to any vehicle's electronic stability system, related components or other vehicle systems.
- Accidents, impact by rocks, trees, obstacles or other aspects of the use environment.
- Theft, vandalism or other intentional damage.

Remedy Limited to Repair / Replacement. The exclusive remedy provided hereunder shall, upon Ultra Axle® LLC inspection and at Ultra Axle® LLC option, be either repair or replacement of the Ultra Axle® LLC parts covered under this Limited Warranty. Customers requesting warranty consideration should first contact the independent distributor selling your part to obtain a Returned Goods Authorization number. All removal, shipping and installation costs are customer's responsibility. If a replacement part is needed before the Ultra Axle® LLC part can be returned, you must first purchase the replacement part. Then, if Ultra Axle® LLC determines the part warrantable, you will be credited the purchase price of that part.

Other Limitations - Exclusion of Damages - Your Rights Under State Law

- In consideration of the purchase price paid, neither Ultra Axle® LLC nor any independent distributor are responsible for any loss of use or time, rental costs, or for any incidental, consequential, punitive or other damages you may have or incur in connection with your vehicle or any Ultra Axle® LLC product. Your exclusive remedy for Ultra Axle® LLC parts covered hereunder is repair/replacement as described above.
- This Limited Warranty gives you specific rights. You may also have other rights that vary from state to state. For example, while all implied warranties are disclaimed herein, any implied warranty required by law is limited to the duration and other enforceable terms of Limited Warranty described above. Some states do not allow limitations of how long an implied warranty lasts and /or do not allow the exclusion or limitation of incidental or consequential damages, so the limitations and exclusions herein may not apply to you.

FRONT AXLE KITS

High tensile strength 4340 Chromoly is heat-treated, tempered and induction hardened to produce these heavy-duty axles that are up to 40% stronger than stock 1040 axles. Each axle shaft is backed by Alloy USA®'s exclusive ten-year warranty! We use the latest splining technology to produce splines that are stronger than traditional cut splines. The shafts are then precision CNC machined and magnaflux inspected for cracks before receiving a slick black anodized finish. Our front axle shaft kits include everything you need to complete the job: both passenger and drive side inner and outer axle shafts, seals, U-joints and clips.

JEEP® COMPLETE INNERS/OUTERS WITH U-JOINTS & CLIPS

Application	Part #	Inner	Outer	Ring
Jeep® Wrangler (JK) 07-12, Dana 30 27-Spline Kit NEW	12152	27	32	D30
Jeep® Wrangler (JK) Rubicon 07-12, Dana 44 30-Spline Kit NEW	12155	30	32	D44

PERFORMANCE REAR AXLE KITS FOR JEEP®

High tensile strength 4140 Chromoly is heat-treated, tempered and induction hardened to produce these heavy-duty axles that are up to 35% stronger than stock 1040 axles. Alloy USA® uses the latest cold rolled splining technology, to produce splines that are stronger than traditional cut splines. Our shafts are covered by an exclusive 10-year warranty! Rear axle shaft kits include everything you need for your installation: both passenger and drive side shafts, seals, bearings and wheel studs. Upgraded spline counts for Jeep® applications: Dana 35 spline upgrades from 27 splines to 30 splines. Dana 44 spline upgrades from 30 splines to 33 and 35 splines.

Jeep® 2 Axles - Bearings - Seals - Wheel Studs

	Part #	Spline	Ring
Jeep® Wrangler (JK) 07-12, Dana 44 Grande 30-Spline Kit NEW	12156	30	D44
Jeep® Wrangler (JK) 07-12 Rubicon, Dana 44 Grande 32-Spline Kit NEW	12158	32	D44

PERFORMANCE REAR AXLE SHAFTS

Rule #1: If it broke it needed to be upgraded. For less than the cost of an original replacement axle shaft you can upgrade to an Alloy USA® performance shaft. Each axle is heat-treated, tempered and induction hardened to have twice the tensile strength than stock and is up to 35% stronger. We use the latest splining technology, to produce splines that are stronger than traditional cut splines.

Jeep® Axle Shafts, Sold Individually. Wheel Bearings, Seals, & Wheels Studs Available Separately

JEEP® RING & PINIONS

These affordable high strength gear sets come in all the popular ratios to satisfy everyone's gearing needs. Oversized tires require higher ring & pinion ratios to restore performance. Made from high quality 8620 forgings and Gleason gear cutting technology, these gears are made to last. Complete installation kits are available separately to complete the job. Exclusive 5-year warranty. Available in 3.73, 4.10, 4.56, 4.88, 5.13 and 5.38 ratios.

HD DIFFERENTIAL COVERS

Indestructible! You won't break these covers, we guarantee it. Made from either 3/8" cast steel or 5/16" stamped steel, painted black inside and out, these heavy-duty covers are designed to protect your differential and all its working parts for as long as you own your vehicle. These indestructible covers have been ".44 caliber tested" - if they can take a bullet at point blank range (don't try this at home!), they can take all that the trail has to offer. Available for most popular Dana differential types and include extra reinforcement protection for the fill plug area. All mounting hardware and instructions are included for ease of installation.

CAST

STAMPED

Differential Cover	Cast 3/8" Steel	Stamped 5/16" Steel
HD Dana 30	11206	11200
HD Dana 44	11202	-
HD Dana 60	11207	11203

ALLOY USA® AXLE TUBE SEALS
